Now that we have opened up our restaurant to customers for over 3 months, we wanted to send you a short note to let you know how pleased we are with our new restaurant and the work carried out by MYK Construction.

Your willingness and effort to communicate with us regarding construction progress, our options and upgrades, modifications and queries in general, were truly remarkable, and the promptness of your response were sincerely appreciated.

The results speak for themselves; our beautiful restaurant was delivered according to plan, on time, with extras installed and complete and at the constructed price with no extraordinary charges.

Should the need ever arise; you may rest assured that we would be pleased to speak with any potential clients about our very positive experience with MYK Construction.
